Memorandum of Understanding

Between

Scottish Confederation of University and Research Libraries (SCURL)

and

CLD Standards Council Scotland (CLDSC)

This Memorandum of Understanding (MOU) sets for the terms and understanding between SCURL and CLDSC which will form a structured agreement allowing access to SCURL libraries and collections in Scotland for CLDSC members.

Background

CLDSC is the national professional body for Community Learning and Development (CLD). The organisation accredits courses in seven SCURL institutions. Membership stands at 2,119, with 14% currently students or academics. The MOU would provide CLDSC members free access to SCURL member library buildings and collections, and allow loan of up to 5 physical items, following the current SCONUL access model and local University Library practice. It is recognised that a number of SCURL members already have public access. The MOU will provide access to walk in library e-resources, but due to licensing constraints, could not provide full access to e-resources.

Purpose

- This MOU will promote course and learning opportunities.
- Support lifelong learning and University Library community engagement
- Draw on shared values to support learner pathways.
- Extend provision to non-traditional service users.

Reporting

This MOU will be reviewed annually (if required) by both organisations by mutual agreement.

This MOU and working relationships, will also be reviewed if necessary, following any pertinent changes to legislation, policies, procedures and structures of the parties concerned.

Funding

This MOU has no financial implications or commitment to SCURL or CLDSC.

Duration

This MOU is at-will and may be modified by mutual consent of authorised officials from SCURL Business Committee and CLDSC. This MOU shall become effective upon signature by the authorized officials from SCURL and CLDSC and will remain in effect until modified or terminated by any one of the partners by mutual consent. In the absence of mutual agreement by the authorised officials from (list partners) this MOU shall end on (end date of partnership).
